

About this PROJECT...

---

This project provides information about the KOSHIN-KO, a traditional folk custom in Japan, in various languages, so that people from around the world can acquire sufficient idea of the KOSHIN-KO.

The reason why we started this project was because we thought that it would be fun, if people all around knew about KOSHIN-KO than ordinary Japanese.

So far ...

---

We have completed ten different translations.

Please choose your language from the menu on your right side.

Right now, we are trying to improve to have more translation done in various languages.

Help wanted !

---

If you are able command other language besides Japanese, your help would be appreciated.

If possible, you can translate or correct our present translation into your own language.
